

Kenny Wayne Shepherd, I've Had Enough

When I fell for you, baby
I really met my match
You use me, abuse me
But I keep comin' back
Let me up, baby, I've had enough

It never seems to matter
What we fight about
I'm the one who winds up
Down for the count
Let me up, baby, I've had enough

Chorus:

I love ya, I want ya
Just like I did before
I need ya, but if I leave ya
It's 'cause I just can't take no more

Somehow you remember
Every little thing that I've done
So baby, I surrender
I've lost and you have won
Let me up, baby, I've had enough

[chorus]
