

# Kenny Wayne Shepherd, Let Me Up, I've Had En

When I fell for you, baby  
I really met my match  
You use me, abuse me  
But I keep comin' back  
Let me up, baby, I've had enough  
It never seems to matter  
What we fight about  
I'm the one who winds up  
Down for the count  
Let me up, baby, I've had enough  
I love ya, I want ya

Just like I did before  
I need ya, but if I leave ya  
It's cause I just can't take no more  
Somehow you remember  
Every little thing that I've done  
So baby, I surrender  
I've lost and you have won  
Let me up, baby, I've had enough
