

Kenny Wayne Shepherd, What's Goin' Down?

Time's a wastin' now
And I ain't got no more time to play
Everything is changin' now
Pretty soon it's all gone away...gone away

Can we make the changes now
You know there's no other way
Now's the time, and the time is now
It's not the why, it's just the how

Chorus:
Have you looked around my friend
And really seen what's goin' down
Take a look into the sky
And lay your hand upon the ground
and i ask of you good neighbor
for, for a life-long favor
It is my faith I put in you

[repeat 2nd verse]
[repeat chorus]
