

Kenziner, Seasons

(1)

I didn't believe in the power of love
I've never seen love at the first sight
I don't know how ypu ever found me
I didn't know of this old misery
I soon realized the connection was there
Now I knew that this was despair

(2)

And we've been there before
Through the seasons of strife

(3)

Visions of yesterday
Mesmerized so far away
Flashes of yesteryear
The seasons soon disapear

(4)

I've seen...the seasons
I've lived...the seasons

(5)

You are the keeper of my lost soul
You have the way to make us whole
I've called to ypu so many times
I did not know where to try

(repeat 2)

Now I believe in the power of love
Now I have seen love at the first sight

(repeat 1 , 2 , 3 , 4 , 5)
