

# Keri Hilson, High Heels

I hate heels  
I hate heels  
Love how they look  
But hate how they feel (2x)

Funky fresh dressed to impress ready to hurt him  
Fresh off that happy juice, tipsy and flirtin  
When my girls said Keri dat shorty looking at you (who me?) yea you (yea)  
So I'm ready  
Making my way down to the dance floor  
Sexiness like this hey what more could you ask for

Ooo  
Think I'm doing too much I can't dooo  
Starting to think I shouldn't've worn these shoes  
What's the price we pay  
For looking this way  
But I'm still

In my high heels  
That's when I get to tryna be cute  
Messing wit u  
I'm still dancing in my high heels  
Can't you tell that I'm feeling you  
What you wanna do  
Boy you got me out here working  
While my feet are hurting  
Think that you deserve it  
Let me hope that your worth it  
In my high heels  
If you could get me out of these shoes  
I'm leaving wit u  
Boy I'm so ready

So I'm ready  
If he keep up I'ma show him rhythm
