

Kerli, Beautiful Day

Someone is smiling, someone cries
Whatever it is it's alright
Someone is born and someone dies
Something is holding the light

It's standing in the light now
Standing in the light now
Standing here right now
For you
Everything you do now
Everything you are now
Creating it right now
For you

It's a beautiful day
The sun is coming up
The sun is going down for you
It's a beautiful day
And everyone says
The world is turning around for you

There is no need to be afraid
There is no need to deny
That everything is on its way
And life is going on in your mind

It's standing in the light now
Standing in the light now
Standing here right now
For you
Everything you do now
Everything you are now
Creating in right now
For you

It's a beautiful day
The sun is coming up
The sun is going down for you
It's a beautiful day
And everyone says
The world is turning around for you
