

# Kerli, Not A Barbie Doll

Little girl you're standing in front of a mirror  
Your best friend said that you are fat and ugly  
{Wo-o-o-oh}  
And now you're staring your own reflection with horror  
Too bad you do not look like a barbie doll  
And you always said that  
'You don't want to'  
A little rebel  
I knew you so so well  
Keep your head up high  
Everyday is a day  
Open up  
Please don't be so blind  
With worlds in your eyes  
It's the thing that I missed  
It's the thing that I cannot hide  
Don't you know that you're so special  
Your every thought is so damn unique  
{Wo-o-o-oh}  
You used to hate all the things that were commercial  
Too bad you do not look like a barbie doll  
And you always said that  
'You don't want to'  
I never knew that  
You were such a fool  
Keep your head up high  
Everyday is a day  
Open up  
Please don't be so blind  
With worlds in your eyes  
It's the day that I missed  
It's the thing that I cannot find  
{Keep your head x2}  
Keep your head up high  
Everyday is a day  
Open up  
Please don't be so blind  
With worlds in your eyes  
It's the thing that I missed  
It's the thing that I cannot find
