

Kesha, Only Love Can Save Us Now

Tell a bitch I can't jump this evel knievel
I'm bout to run you down the church and the steeple
Been baptized in Hollywood in the Cathedral
The power of Christ compels me, I'm a demon
Keep singing hallelujah nothing can save us
Goddamn perfection in his image he made us
Yeah Jesus take the wheel I'm going through phases
The bitch I was she dead her grave desecrated

Only love can save us now
Only love can save us now
Only love can save us now
(oh lord, save me, please God, I need your love now)
Only love can save us now
(oh lord, save me, please God, I need your love now)

The resurrections here can you believe it
I'm bout to blow your fucking head through the ceiling
I'm getting sued because my mom has been tweeting
Don't fucking tell me that I'm dealing with reason
Yeah I'm possessive
Maybe I'm possessed bitch
Fuck yeah I'm selfish
Shut up eat your breakfast
I would kill for secrets
All of mine been leaking
I don't got no shame left
Baby that's my freedom

Only love can save us now
Only love can save us now
Only love can save us now
(oh lord, save me, oh please god, I need your love now)
Only love can save us now
(oh lord, save me, oh please god, we need your love now)
oh lord save me please god, we need your love now
Oh lord
Oh lord
Save us
Only love can save us now

Yeah I'm possessive
Maybe I'm possessed bitch
Fuck yeah I'm selfish
Shut up eat your breakfast
I would kill for secrets
All of mine been leaking
I don't got no shame left
Baby that's my freedom
