

Ketsia, Dream

Sometimes it's hard, to just
Close your eyes and slip away, but if
you, have some faith
One sweet day love will just
Sweep you away take you higher and

If you really take the time to dream
If you really give yourself a chance
Really let imagination
Give you a hand just
Be the way you are

If you really open up your mind
If you really stop and take the time
Put away what others tell you just

Be the way you are
Be the way you are

Sometimes in life, daily
Struggles will darken the way
But if you, care to dream
One sweet day dreams will
come true and you'll live on forever and

Life isn't easy, and
Life won't always be fun
But if you stop dreaming
You'll lose sight of who you are
Life isn't easy
Just move onwards and upwards and dream, and dream, and dream
