

Kevin Drew, Big Love

I've decided god is was longer in my head
big love is dead love
big love is dead love

(big love is dead love
big love is dead love
big love is dead love
big love is dead love)

i've decided god was no longer in my head
big love is not love
big love is not love

(dead love is not love
dead love is not love
dead love is not love
dead love is not love)

big love is not love
big love is not love
big love is not love
big love is not love)
