

Kevin Gilbert, From Here To There

And I'll build me a robot
And we'll look just the same
And I'll teach him the handshake
And I'll teach him the game
And he won't feel empty
And I won't feel ashamed
And I'll find a way back home

And it's one for the money
And it's two for the show
And it's three to get ready
But there's no place to go
Cause I'm on the move now
But this world moves to slow
I need a way back home
I need a way back home
