

Kevin Rudolf, Tennessee

(feat. Birdman)

[Kevin Rudolf]

I was comin' back from Tennessee,
Longest road I ever seen.
Part of me wanted to stay,
Part of me just had to leave.
Comin' back from Tennessee,
Six feet up from the grave
Who did you expect to see?
Not the person that I became.
It's okay, I can see
You're afraid.
I can leave, you can stay.
Now I gotta be on my way.
All I ever wanted to do
Is follow this dream, till I made it come true
All I ever wanted to be
Is more than a lie
That you still believe
And i'll leave Tennessee.
And i'll leave Tennessee.
Yeah.

Baby did you know i'm alive?
It ain't the ressurection of Christ.
I know I tried to swallow my pain
Last night I never survived
It's okay, I can see
You're afraid.
I can leave, you can stay.
Just get out of my fucking way.
All I ever wanted to do
Is follow this dream, till I made it come true
All I ever wanted to be
Is more than a lie
That you still believe
And i'll leave Tennessee.

[Birdman]

In the back of a Bentley
Rockin' Fendi
She love me like I love my money
Tennessee colours
All black hummer
Police know that we been bumpin'
Smoke in the air
No fear cash money billionaires
Two mill a pair
What we wear, stop and stare
Tired of 40 got me
Leavin' Tennessee.

[Kevin Rudolf]

All I ever wanted to do
Is follow this dream, till I made it come true
All I ever wanted to be
Is more than a lie
That you still believe
And i'll leave Tennessee. [x5]
