What it is? I dont know
Maybe 'cause ya body just right,

And you know how to get that dough,
Plus the heart for red just like Bo ("Q"),
You fill me up when Im feelin low,
When Im home or out the road, no questions asked,
You know its on as soon as I hit the door, (Fa Sho!)
And I need that on my team,
Baby you was made for me,
Had somethin on my mind,
But forgot what it was, and thats because...
