

Keyshia Cole, Erotic

I see your smile
Can't help but notice
The way you see me
And the way I look at you
I tried but I can't stop
The way I feel
Yeah
I want you to come over here
And Grab my body
So We can dance back and forth
Baby you know I try
But I
Can't control Myself
I really can't
Ooo
Oooo You drive me crazy
Oooo You make me want you
So bad
Baby I try
You complete me
Ooo You need me
I promise
I walk away
And you try to make me feel
That I want
Hide something from you
I'm so real
Baby I can't control myself
I really I can't
I want you to come over here
And Grab my body
So We can dance back and forth
Baby you kno I try
But I
Can't control Myself
Do It For You Tonight
Oooo
Ooo You drive me crazy
Ooo You make me want you
So bad
Baby I try
You complete me
You need me
I promise
Like That Baby [x16]
You drive me crazy
You make me want you
So bad
Baby I try
You complete me
You need me
I promise
Baby I want so bad [Repeat]
Like That Baby [Repeat]
