

# Keyshia Cole, Work it out

(Aye aye)

Damn, I'm sorry you had to find out like that.

(Aye aye)

Wait a minute.

Can we talk a minute?

Ohhh....

I'm sorry you had to find out this way.

[Verse 1:]

There's this guy I've been seeing, hold on though.

Everytime I close my eyes he's in my thoughts.

We've been going through it for some time now.

It ain't my fault, no.

I'm just tryna be truthful to you.

And let you know.

[Chorus:]

Everytime I try to leave something always tells me no.

And just when I think it's working it's self out... can't be so.

Everything we worked so hard for, should we let it go?

It's no fair to leave without tryna work it out.

[Verse 2:]

And there's someone else you've been seeing.

I ain't a fool, no.

And it's been going on for some time now.

It's so obvious.

Now she's been taking my place on the time that you've been gone, yeah.

Oh, I want you be to truthful to me yeah and let me know.

[Chorus:]

Everytime I try to leave something always tells me no. (I try to leave, I try to leave)

And just when I think it's working it's self out it can't be so. (Aye aye, ohhhh)

Everything we worked so hard for, should we let it go? (Aye, oh, yeah yeah yeah, yeah yeah yeah)

It's no fair to leave without tryna work it out. (Without yeah)

And I know, Oh...

[Bridge:]

I know sometimes it can get rough.

It means so much when it comes to us.

I can't just walk away from the only thing I know.

(The only thing I know)

Tell me if you think it's worth working out.

I'll be right here if you have no doubt.

(No doubt)

We can make it cuz...

[Chorus:]

Everytime I try to leave something always tells me no. (Everytime I, it tell me so baby)

And just when I think it's working it's self out... can't be so. (Aye aye)

Everything we worked so hard for, should we let it go? (We've worked so hard for yeah, yeah, yeah)

It's no fair to leave without tryna work it out.
