Keziah Jones, Colorful World

Nigger born, Let nigger music go to your head Nigger born, Let nigger music go to your head Nigger born, Let nigger music go to your head Nigger born, Let nigger music go to your head

We're gonna dance, dance Show you some rhythm We'll entrance the mainframe Who invented the "ism", the "ism"

Like: Racism, Hateism, Blacks in a trap! Colonialism, Money reasons, Sell them all back!

Cuz they're nigger born
They let nigger music go to your head
Nigger born, Let nigger music go to your head

Nigger born, Let nigger music go to your head
Head

It's a scene we all have seen in our heads It's a dream we all have been in our beds Maybe not nigger born But nigger bred

I'm being chased, chased! By members of the underworld Well connected with members of the afterlife

I'm being chased, chased! By memories in color, when people loved each other No matter if you're black or white

Nigger born, Let nigger music go to your head Nigger born, Let nigger music go to your head Nigger born, nigger bred Let nigger music go to your head Nigger born, Let nigger music go to your head
