## Khia, You My Girl

The mistakes that I made in my life me strong Made me right never wrong keeps me writing my songs Cause I know you my girl cause of you here comes me Out your womb duplicate just like you makes me sick Just in time you my girl you my angel my world Shining down at my life got my back don't think twice When in need of your help if i'm wrong got your belt But only you Uesirah had respect for your job And your heart and your soul and your house and your goal To your friends and your kids even sick didn't quit What's the thanks that you get for the time that you spent Raising kids paying bills talking shit paying rent But i'm gonna shine for you girl make you smile at me girl Smile so bright like the sun for your girls and your son You my mom I love you I thank you for having me Even gone you live on live through me make them see

(Chorus Vanc)
You're my girl
When no one was there for me
You're my girl
When nobody cared for me
You're my girl
And no one can take that away from me
You're my girl
And even though you're gone
You're my girl
Through me you still live on
You're my girl
You taught me how to be strong
You're my girl

Calling up on the phone just to talk hear my voice
Talk so much just like me I talk you all night have no choice
Telling jokes bout the kids how they bad things we did
When I was young having fun me and y'all pulling stunts
Me and Kowana having fights cuss us out hit the lights
Had it all thanks to you extra strong thanks to you
Take it all thanks to you standing tall thanks to you
Glad I was picked for you you my girl and its true
I was mad when you left didn't get a chance to see you go
Now you back platinum strong live through me make em know
I'm your girl baby girl and you did this for me
You my girl favorite girl live through me make em see

## (Chorus)
