Tears in my ears  
I can't stop crying...  
Tears in my ears  
I can't stop...

Tears in my ears  
I can't stop crying...  
Tears in my ears  
I can't stop crying...

I found a new stain  
The deepest i know  
I wonder for how long  
I'll be stucked on the snow

Last time i had no chance to refuse  
One day I'll show you  
I'm not so confused...

Last hopings of night  
I just couldn't jump over the dike  
Whatever can't stop it  
Don't be just what you're like

There are no last chances  
So i hardly ever had one  
Any further  
No lasting

Just being always wrong  
I'm so sorry after all

Now I see I have no future without making up to you  
I left the fire on again and no one went for help but you  
Every other seem so far away from you  
So why...?

I'm not so confused...  
Last time i had no chance to refuse  
One day I'll show you  
I'm not so confused...
