

# Kid Ink, Body Language (feat. Usher & Tinashe)

It's not that a lot that you've been saying  
Wo-oh  
But I can tell from your body language  
Let's talk about it  
Is you 'bout it?  
Let's talk about it  
We'll talk about it

You ain't gotta say too much  
She ain't gotta say too much  
I can read your body language  
You ain't gotta say too much  
I can read your body language

Said you ain't gotta say too much  
Hate when you say that I play too much  
When I get too close Imma touch that subject  
I can read yo' body, thats it!  
Quit all that yappin'  
Meet and lets talk in a lil' more action  
Now girl keep it G, know you speak a lil' freak  
I can hear it in yo' accent  
So tell me, can you understand my language?  
If you tryna ride, just stay in my lane  
It's no other way to explain it  
A lame is, who you came with

It's not that a lot that you've been saying  
But I can tell from your body language  
Let's talk about it  
Is you 'bout it?  
Let's talk about it  
We'll talk about it

You ain't gotta say too much  
She ain't gotta say too much  
I can read your body language  
You ain't gotta say too much  
I can read your body language

It ain't hard to tell  
If you don't wanna take it too far then well  
You better stop flirtin' and stop twerkin'  
So perfect, cause it's workin'  
That ass worth all the worship  
You been in yo' bag like Birkin  
Never had it like this before me  
You ain't know girl better be reading for me  
Hell yeah, gotta re-up on me  
Bein' stuck up gon' leave you lonely for the night  
We should leave before the lights on girl  
I'm too on

It's not that a lot that you've been saying  
But I can tell from your body language  
Let's talk about it  
Is you 'bout it?  
Let's talk about it  
We'll talk about it

You ain't gotta say too much  
She ain't gotta say too much  
I can read your body language  
You ain't gotta say too much

I can read your body language

Oooohh they say don't judge a book by its cover  
We can make a scene that you be under the cover  
You ain't gotta say too much  
You ain't gotta say too much  
Girl I'm talkin', girl I'm listenin'

It's not that a lot that you've been saying  
But I can tell from your body language  
Let's talk about it  
Is you 'bout it?  
Let's talk about it  
We'll talk about it

You ain't gotta say too much  
She ain't gotta say too much  
I can read your body language  
You ain't gotta say too much  
I can read your body language
