

# Kid Rock, So Hott

You got a body like the devil  
And you smell like sex  
I can tell you're trouble  
But I'm still obsessed

Because you know you're  
So hott, I wanna get you alone  
So hott, I wanna get you stoned  
So hott, I don't wanna be your friend  
I wanna fuck you like I'm never gonna see you again

You're like the kiss of death  
Like the hand of fate  
I can tell you're trouble  
But I still wanna taste

Because you know you're  
So hott, I wanna get you alone  
So hott, I wanna get you stoned  
So hott, I don't wanna be your friend  
I wanna fuck you like I'm never gonna see you again

Because you know you're  
So hott, I wanna get you alone  
So hott, I wanna get you stoned  
So hott, I don't wanna be your friend  
I wanna fuck you like I'm never gonna see you again

You're so hott, I wanna get you alone  
I wanna get you stoned  
I don't wanna be your friend  
I wanna fuck you like I'm never gonna see you again  
See you again  
See you again
