

# Kid Rock, Warrior

Warrior

So don't tell me who's wrong and right  
When liberty starts slipping away  
And if you ain't gonna fight  
Get out of the way

'Cause freedom ain't so free  
When you breathe red, white and blue  
I'm giving all of myself  
Cause that's what I do

And they call me warrior  
They call me loyalty  
And they call me ready to provide relief and help, I'm  
Wherever you need me to be

I'm an American warrior  
Citizen Soldier  
I'm an American warrior  
Citizen Soldier

Ahhhhh Yeahhhhh!

Citizen Soldier

I'll never leave another behind  
I will never accept defeat  
I'm a Soldier in war  
Civilian in peace

'Cause freedom ain't so free  
When you breathe red, white and blue  
I'm giving all of myself  
How 'bout you?

And they call me warrior  
They call me loyalty  
And they call me ready to deploy engage and destroy  
Wherever you need me to be

I'm an American warrior  
Citizen Soldier  
I'm an American warrior  
Citizen Soldier

Warrior
