

Kill Hannah, Kill Hannah (Bedroom Demo)

See the world sideways falling down
And I want you to see sideways all the time
And when you kiss ice it sticks to your lips
All I see are battleships
Stop everything, kill hannah
'Cause she knows it's just a game
Stop the world, kill hannah
Cause in her plastic flower garden
There's no room for more plastic flowers
And time goes by
And history's dead
And all the bloodshed
Is all inside your head
Oh maybe im too much in love
Yea maybe im too much in love
But maybe im too much insane
Stop everything, kill hannah
'Cause she knows it's just a game
And there'll be a hole in my head
Stop the world, kill hannah
Cause in her plastic flower garden
There's no room for more plastic flowers
