

# Kill Hannah, Paper Dolls

Jealousy, is standing on the edge  
Seems like, a million years ago  
So she just wants to touch the heavens  
So shes coming down  
Four, three, two, one, zero

Paper dolls  
Will find you when your lost and so alone  
Paper dolls  
Your tortured, but it makes you beautiful  
Paper dolls  
Is quiet now, but wait till we explode

Jealousy, is driving towards the edge  
Faster than we've ever been before  
Tonight she said, we'll dance among the angels  
So start the countdown  
Four, three, two, one, zero

Paper dolls  
Will find you when your lost and so alone  
Paper dolls  
Your tortured, but it makes you beautiful  
Paper dolls  
Is quiet now, but wait till we explode

For all the paper dolls  
For all the paper dolls

For all the paper dolls  
For all the paper dolls

For all the paper dolls  
Oh, ohhh
