

Kill Hannah, Raining All The Time

She fell like a meteor onto the planet
And said, "Your world, it brings me down
I feel like an animal
And I don't think I get it
But one day I'll make you proud"

It's raining all the time
It's raining all the time
It's raining all the time
I'll need you by my side
When I leave it all behind
It's raining all the time

She crashed like an atom bomb
And said, "We can't live forever
One day I'll see you around
I dreamt that we disappeared
So I just gotta do it
So no one can touch me now"

It's raining all the time
It's raining all the time
It's raining all the time
I'll need you by my side
When I leave it all behind
It's raining all the time

She said: I hate the rain
But here it comes again
She said: I hate the rain
But here it comes again

I hate the rain
Here it comes again
I hate the rain
Here it comes again

There's something in my head
I can't get off my mind since you've been gone it's raining all the time...
