

# Kill Hannah, Whirlwind

yeah it's time to go and fade  
oh some may say  
you're just kissing your life away  
we can't see, we've shut our eyelids tight  
and we can't stop this tidal wave at all

it's like a whirlwind  
coming to take us away  
it's like a whirlwind  
and we musn't be afraid

it's so hard to heard your sound  
she said my head spins light  
when you are helping try to hold the ceilings down  
/--missing lyric--/  
and shut our eyelids tight

it's like a whirlwind  
coming to take us away  
it's like whirlwind  
a thousand towers sway
