## Kill Your Idols, The Hippie Song

| So much to say | but hasn't it all be | en said? Will w | e heed the wor | ds or ignore then | n instead? We car |
|----------------|----------------------|-----------------|----------------|-------------------|-------------------|
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
|                |                      |                 |                |                   |                   |
