

# Killing Joke, Sun Goes Down

We watch them going nowhere, kicking the football  
No purpose...??the point boys?? in oblivion  
Or play games so child-like...they want to win  
Look out my windowsill watch bloodshed

We watch the sun go down  
We watch the sun go down...down...

Sleeping dogs always lie...stay sleeping  
??To panic...they play so??...stay sleeping  
Look out my windowsill watch wastelands  
Look out my windowsill watch bloodshed

We watch the sun go down  
We watch the sun go down...down...

We watch them going nowhere, kicking the football  
No purpose...??the point boys?? in oblivion  
Or play games so child-like...they want to win  
Look out my windowsill...a man went mad

We watch the sun go down  
We watch the sun go down  
We watch the sun go down  
We watch the sun go down...down...
