Killing Joke, Sun Goes Down

We watch them going nowhere, kicking the football No purpose...??the point boys?? in oblivion Or play games so child-like...they want to win Look out my windowsill watch bloodshed

We watch the sun go down We watch the sun go down...down...

Sleeping dogs always lie...stay sleeping ??To panic...they play so??...stay sleeping Look out my windowsill watch wastelands Look out my windowsill watch bloodshed

We watch the sun go down We watch the sun go down...down...

We watch them going nowhere, kicking the football No purpose...??the point boys?? in oblivion Or play games so child-like...they want to win Look out my windowsill...a man went mad

We watch the sun go down
We watch the sun go down
We watch the sun go down
We watch the sun go down...down...
