

Kilo Ali, Show Me Love

(Chorus)x2

I'm gonna show you (show you)
who bustah (who bustah)
You know you love me (love me)
Now show me love (show me)

I flow like a butterfly and sting like a bee
it's meeeee, Aliiiii
and its good to be strong in the game
and you know this ya MAN
it feels so good cant refuse it
this is my shadow this is my music
you start fire, you start junk
now you see me, now you dont
soul to soul, side to side
shawty silky silky now
cut up cut up in the dish
how much cut up do you wish?
I dont play, i'm no toy
i'm rollin it up for my homeboys
I start on it, there will be no stop
you cant beat me boy, i'm SUPERMAN

(chorus)x2

I rap too fast, makin that cash
cuttin up like a piece of glass
Imagine if you can
if you can rap like Kilo man
flilll-bass, flilll-low
I live inside your radio
so dont give me no hassle
for i'm the king of the castle
and i reign supreme
you know who am I?.....Kilo the dream
That's right ha ha
that's it ha ha
some times a brother trip
I know you admire me
I didnt mean to dis you i'm sorry
I appologize, but you better recognize
what is crap if you dont know crap
what is rap if you really cant rap then
who in the hell said they wanted a little more
what in the fuck do you take me for?
i'll never go out for the die
and you you'll never take me alive
oh la, can you feel keep the party jumpin?.....ha ha

(chorus)x2
