Yeah

It's Barbie and it's Kim Petras (Woo-ah)

I've been tryna give it to you all night
What's it gonna take to get you all alone?
I just want you here by my side
I don't wanna be here, baby, on my own

I've been tryna give it to you all night
What's it gonna take to get you all alone?

Oh, look at me, like what you see?
I've been feelin' lonely, baby, you got what I need
Give me what I like, turn it out tonight
Got an appetite that only you can satisfy (Satisfy)
I could ride it, ride it, ride it, ride it all night
Watch me ride it, ride it, ride it, ride it all night
Wanna feel the rush, wanna feel your touch
Don't talk that talk unless you gonna back it up

If you want me, let me know
Tell me now, don't hesitate (Hesitate)
You got one chance, baby, don't
Let the moment slip away, no

I've been tryna give it to you all night
What's it gonna take to get you all alone?
I just want you here by my side
I don't wanna be here, baby, on my own

Yeah, don't you wait, don't think about it
Don't you wait, just come on over now
