

# Kim Richey, Fallin'

Feeling stronger  
Uptown and braver  
I'm moving straight through yesterday  
Full on and higher now  
I'm wading through the doubt  
Opened up, i'm turning every page

CHORUS:

And I went outside and I  
Looked up at the late night sky  
And I saw a star fall down  
And I thought as it blazed across the night  
I remember fallin'  
I remember fallin'  
Best friend and lover  
Felt like forever  
Every fiber, every day  
Nobody quite like you  
Never a voice so true  
Too bright to ever fade away

REPEAT CHORUS

The story's over and I've lived through the ending  
But that doesn't mean I wouldn't  
Do it all again  
I remember fallin'  
I remember fallin'  
I remember fallin'  
I remember
