

# Kim Sanders, Tell Me That You Want Me

Tell me that you want me  
Tell me that you want me  
Looking for a love affair  
The one that doesn't seem to appear  
Everyday  
All I ever hope to find  
Is someone with an open mind  
Anyway  
But you're the one I want  
No mistaking in my heart  
You're the only one  
And I felt this from the start  
When I'd see you  
Tell me that you want me  
Everyday  
Tell me that you want me  
I gotta be sure  
Tell me that you want me  
Anyway  
Cause without you  
I cant' live anymore  
Tell me that you want me  
Tell me that you want me  
If you at all feel the same  
Please don't play a waiting game  
Come to me  
Nothing else is on my mind  
You are oh so hard to find  
You're the one I want  
No mistaking in my heart  
You're the only one  
And I felt this from the start  
When I see you
