

# Kim Wilde, It

I've been looking all around the world  
To see what I could find  
Just a lot of broken promises  
And people left behind  
Oh and the - pain of being lonely  
Is what everybody fears  
Yeah, it took a lot of time for me to realise  
It's here, looking me in the eye  
It's here, here all the time  
It's here, I've always tried to find a way to go  
But now I know  
It's here  
You can spend your life competing  
In a world that talks too loud  
You can lose your own direction  
Getting lost among the crowd  
Confusion - is it any wonder  
That the road aheads not clear  
Well you can try too hard to find it  
Now I realise  
It's here, looking me in the eye  
It's here, here all the time  
It's here, I've always tried to find a way to go
