

Kimberley Locke, Talk About Us

Come home, late at night
Something's on your mind
You say that you're ok
But it feels like your pushin' away
I know just what to do
To show you, I'm here for you
So come to me, just let it out
I'll ease your mind of any doubt
(When it feels like the world is upside down)
I'm your girl through the sun and the rain
(You're always there for me when things are turned around)
So that's why I say
[Chorus:]
(Let's talk about us)
Baby tell me what's goin' on
So we can move on
(Let's talk about us)
Ain't no use to keepin it inside
Don't you know by now I know when something ain't right
(Let's go back to when love was free)
Love was free
(Don't make it harder than it's has to be)
It's gotta be (yeah, yeah, yeah, yeah)
Cause nothin' matters but you and me
I know you made a sacrifice
So we could start a brand new life
You would never say, that you're afraid
But I see it written on your face
If were in sync together now
There's nothing that we can't figure out
Here we are, don't throw this moment away
That's what I gotta say
(When it feels like the world is upside down)
I'm your girl through the sun and the rain
(You're always there for me when things are turned around) No
That's why I say
[Chorus:]
(Let's talk about us)
Tell me what's goin' on
So we can move on
(Let's talk about us)
Ain't no use to keepin it inside
See, I know when something ain't right
(Let's go back to when love was free)
To when love was free
(Don't make it harder than it's has to be)
Than it's gotta be (yeah, yeah, yeah, yeah)
Cause nothin' matters but you and me
Let's talk about trust
Let's talk about the best of us
Let's talk about me being down for you whenever you need me (whenever you need me)
Let's talk about love
Let's talk about makin' up
Cause I'm your girl and I'm here to stay for always ooh
(Let's talk about us)
So we can move
(Let's talk about us)
Ain't no use to keep it inside
See, I know when something ain't right
(Let's go back to when love was free)
To when love was free
(Don't make it harder than it's has to be)
Than it's gotta be (yeah, yeah, yeah, yeah)
Cause nothin' matters but you and me

(Let's talk about trust)
So we can move on
(Let's talk about us)
Let's talk about it, baby
Let's talk about it, baby
(Let's go back to when love was free)
Love was free
(Don't make it harder than it's has to be)
Gotta be yeah, yeah, yeah, yeah
Let's talk about us
