## Kina, Have A Cry

Feelin' kinda low
Oh, and that's not the worst part
I just got a home, yeah
Gettin' old and still wanna be a star
Yeah, I'm feelin' low
But don't come run to my rescue
Please don't come to preach
Don't need no goddamn happy speech

1 - Is it alright if I cry?
Without no positive speeches
Don't need no lessons on God
Because I'm human, I got weakness
Don't just say it's alright
My life fell into 10 pieces
Don't just say it's fine
Just let me have a cry

I know you're tryin' to help me Can't you just listen to me sometimes?

You can't always find the answers Everybody's faith ain't always high Yeah, I'm feelin' low So please just let me sulk

There ain't nothin' you can say So don't come sing Amazing Grace There ain't nothin' you can do So don't come give your point of view There ain't nothin' you can say I'm only human, yeah yeah yeah yeah
