

# King Crimson, Happy With What You Have To Be

And when I have some words  
This is the way I'll sing  
Through a distortion box  
To make them menacing

Yeah, then I'm gonna have to write a chorus  
We're gonna need to have a chorus  
And this seems to be as good as any other place to sing it till I'm blue in the face

And for a second verse  
Of terse economy  
I'll brew another pot  
Of ambiguity

Then I'm gonna have to write a chorus  
We're gonna need to have a chorus  
And this seems to be as good as any other place to sing it till I'm blue in the face  
Yes, we're gonna need to have a chorus  
I'm gonna have to write a chorus  
And this seems to be as good as any other place to sing it till I'm blue in the face

Happy with what you have to be happy with  
you have to be happy with what you have  
to be happy with you have to be happy with what you have,  
happy with what you have to be happy with  
you have to be happy with what you have  
to be happy with what you have you have to be happy with what you have to happy with

Then I guess I'll repeat the chorus!  
We're gonna repeat the chorus!  
I guess I'll repeat the chorus!  
We're gonna repeat the chorus!  
Then I guess I'll repeat the chorus!  
We're gonna repeat the chorus!  
I guess I'll repeat the chorus!  
We're gonna repeat the chorus!

Happy with what you have to be happy with  
you have to be happy with what you have  
to be happy with you have to be happy with what you have,  
happy with what you have to be happy with  
you have to be happy with what you have  
to be happy with what you have you have to be happy with what you have to happy with
