

# King Crimson, Three Of A Perfect Pair

She is susceptible  
He is impossible  
They have their cross to share  
Three of a perfect pair  
He has his contradicting views  
She has her cyclothymic moods  
They make a study in despair  
Three of a perfect pair

One, one too many  
Schizophrenic tendencies  
Keeps it complicated  
Keeps it aggravated  
And full of this hopelessness  
What a perfect mess
