

King Diamond, Coming Home

"Grandma'?""

"I knew it was You at the door, I saw
You from the window. Now come
inside My dear. It's good to see You
again, despite what You did to MY
throat. "THEY" are waiting upstairs.
Come. Missy is there too. She's sitting
on Grandpa's lap. I bet You're dying for
a cup of tea."

[Solo: ~ Andy]
