King Diamond, Dead

Heaven, or Hell Heaven, or Hell Heaven, or Hell

Where are we now? What is this place?

Don't you remember little brother? We died, we're dead

I wonder what are they going to do to me

Am I going to hell?

I don't know but thats what they say I will try to find you a normal soul listen do you hear that organ play?

I must go to where the organ plays I must go, I can never stay

Now to his house I go Don't let anyone see your bloody dress
