

# King Diamond, Out From The Asylum

Look, the old bitch is back - yeah,  
finally we'll get some company again  
the attic room has been  
locked up for far too long - just like the  
old bitch herself - she's on time  
though - why that silly wheelchair?  
Oh she's pretending as always - but  
she does make a good cup of tea.

"Oh My God she's here. Missy, listen  
to what Mother says: Now You be  
good to Grandma; and remember  
she's been away on a long vacation.  
That goes for You too King. And stop  
playing that thing. Answer the door"
