

King Gizzard & The Lizard Wizard, Dragon

Flapping wings weaving through
Crocodile obsolete
Flattened raze
Spraying flames
Blood curdle screech

Dragon, dragon, dragon...

Gila is the aether
Quintessence and preacher
Aura drinker
Spirit shrinker
The one true God
Vile smile
'Mental yolks
Nymphs, sylphs and pygmy's choke
Drink the blood
Tasting Tchort
What hath God wrought?

Dragon, dragon, dragon...

PetroDragonic Apocalypse

Winged demon on the stratosphere is swooping beneath to kill with fear
Stop the dragon, dragon, dragon, dragon
Stop the dragon, dragon, dragon
Scrambling jets and ballistic lies burned underneath the lidless eyes
Stop the dragon, dragon, dragon, dragon
Stop the dragon, dragon, dragon, dragon
Atomic space
Chaos, it reeks
Pilots shriek
Cities weep
Stop the dragon, dragon, dragon, dragon
Stop the dragon, dragon, dragon, dragon
Dragon, dragon, dragon, dragon, dragon
Stop the dragon

The eye dilates
The air gyrates
A gate in the sky
A portal to die
A shriek from space
A mangled yell
Dragon descends
Welcome to hell

Audi mea verba
Oh ignis draconis
Ex cineribus orior
Altius atque altius
Alis patentibus
Lumine micante
Draco hic apparere debet
In loco subter

The eye dilates
The air gyrates
A gate in the sky
A portal to die
A shriek from space
A mangled yell
Dragon descends

Welcome to hell

Ex profunditate antiquae doctrinae
Ad caelos supra semper
Hoc incantamentum evoco
Draco apparet
Incantamentum iam transactum est

A creature born of the tempest
The thrill of the hunt
The thrill of the quest
A wild being of chaos and fire
Knowing naught but it's own desire
To taste fear in the game's eyes
To claim it's victory
To claim it's prize
Killing all in its path
Nay mercy shown
Until the dragon stands triumphantly high-lone

Dawn of eternal night, Dawn of eternal night, Dawn of eternal night...

Terra firma
Earth murdered in the blink of an eye
Malevolent equivalent
Diabolify
Bending storms beneath it's will
Firelight troglodyte
Dawn of eternal night

Demonic bird reptilian desert fetid breath
Sapien spite and fatal bite with a foul gas stench
Isaiah's come to claim the throne
The dragon's birthright
Dawn of eternal night

The beast we awoke hath been untamed
Eyes of fireth and wings of a flame
It hath arisen from chariest lair
Spreading its wings and taking to the air

Yeah
