

# King Missile, Hemopheliac Of Love

When I drive through the great northwest  
The snowcaps on the mountain tops  
A pack of wolves surrounds my truck  
And my fingertips are so cold  
All this beauty and all those wolves  
They surround me with their eyes so blue  
The mountains high, the wolves I love  
And all I see is you  
All I see is you  
(Chorus)  
When I see you  
I bleed like a hemophiliac of love  
When I see you  
I bleed like a hemophiliac of love  
I remember the blood I bled  
Those wolf-like eyes upon your head  
Lover, oh, lover, you tear my flesh  
And the wolves are at my throat  
And vapor is my breath in the cold Mack truck  
Surrounded by the wolves, they're the ones I love  
I'll bleed for them like I will bleed for you  
The never ending stream of love  
The never ending stream of love  
(Chorus 3X)
