

King & Queen, Boogie Boogie

Boogie Boogie
Boogie Boogie

Night is like a flight
Come to the moon
I wanna be your capsule
Right into the sky
We're gonna try
We're gonna take a chance now

What's a matter? you cannot sleep
Set your body free
You can't get enough... I know
Let me guide you

Dance with me my boogie boogie
It's another story
It's another music
That sounds so good!!
Shaking baby boogie boogie
I wanna dance it
I wanna love it
What's going on!!

Dance with me my boogie boogie
It's another story
It's another music
That sounds so good!!
Shaking baby boogie boogie
I wanna dance it
I wanna love it
What's going on!!

Boogie Boogie

Love is like a flame
Into my heart
I wanna see you loving
Dance into the moon
It's seems so cool
We're going crazy baby

What's a matter? you cannot sleep
Set your body free
You can't get enough... I know
Let me guide you

Dance with me my boogie boogie
It's another story
It's another music
That sounds so good!!
