

King's X, If

Only if you want to
Only if you have to
Only if it's everything
Only if you don't mind

If I could move to the middle
If I could go outside
If I could give in a little
And make it work this time

It's one thing insistence
It's one thing the distance
I'll take it in prospect
I'll take it any way I can

If I could move to the middle
If I could go outside
If I could give in a little
And make it work this time
