

King's X, Rocket Ship

I'm not supposed to like
what you do to me
so why do i like it,
there's too many
angry people out there
time is rushing
but rushing won't stop it
would you like to take a ride
in my new rocket ship?
would you like to take a ride
in my new rocket ship?
they challenge me to come on
down to the ground and
let the spirit move me,
society sanctioned brain washing
tries to wrap its arms around me
would you like to take a ride
in my new rocket ship?
would you like to take a ride
in my new rocket ship?
and make a mess somewhere,
make a mess somewhere
would you like to take a ride
in my new rocket ship?
would you like to take a ride
in my new rocket ship?
would you like to take a ride
in my new rocket ship?
would you like to take a ride
in my new rocket ship?
would you like to take a ride
in my new rocket ship?
yeah, yeah, yeah, yeah, yeah
