

# Kingdom Come, High On Love

Can't believe how much I love you  
I just hope that you love me to  
I do, I do, I do

When you're gone it's so hard to breathe  
Can't deny that it's you I need  
It's true, I do, it's true

[Chorus:]  
Gonna get high on love  
Gonna get high on all your love  
As long as you're mine, I know  
No one can break me down, it shows

Love your smile and the way you talk  
Love your eyes and the way you walk  
I do, I do

I'll surrender, I'll give up  
Need your kisses and soothing touch  
I do, I do, yeah, I do
