

Kings Of Leon, 4 Kicks

Huff men don't take no nonsense
hes here to rectify
hes got his black belt buckle
and the red mans fire in his eyes

You with your switchblade posse
I'll get my guns from the south
we'll take to the yard like a cock fight
Four kicks, who's struttin now?

this partys overrated
but there ain't shit else to do
she's a lovin on the boy from the city
I'll be lovin him under my shoe..
