

# Kings Of Leon, Notion

I got a notion to say what doesn't feel right  
Got an answer in your story today  
It gave me a sign that didn't feel right, no  
So don't knock it, don't knock it, you've been here before  
So don't knock it, don't knock it, you've been here before

I just wanted to know if I could go home  
Been rambling in day after day  
And everyone says I don't know  
So don't knock it, don't knock it, you've been here before  
So don't knock it, don't knock it, you've been here before

Got a notion to say what doesn't feel right  
I just wanted to know if I could go home  
So don't knock it, don't knock it, you've been here before  
So don't knock it, don't knock it, you've been here before

So don't knock it, don't knock it  
So don't knock it, don't knock it  
So don't knock it, don't knock it, you've been here before  
So don't knock it, don't knock it, you've been here before
