

Kinky Machine, Supernatural Giver

Better bite your tongue now, better lock up your jaw
better pull the blinds down, better close all your doors

It's the taste that you get when you're lying
Face up against the safety net
everytime that I'm with her she's a
Supernatural giver...

No one else can take it, no one else can see me
no one else can break it, cos she made it easy

It's the taste that you get...
Supernatural giver...
