

Kinky, Those Girls

Those Girls (x5)

Those Girls
That's what you want
Those Girls (x3)

The palms are already sweaty on the back of my neck
and the anxiousness is settin' and its circuling around my head
just like a more just got a bit off by your hundred watt lightbulb
lets see that likely truth

Standing in the doorway
waiting in the doorway
waiting for in front of me
waiting for the lezz to go out

Those girls
Those Girls

Standing in the doorway
waiting for infront of me
waiting for the lezz to go out

Those Girls,
That's what you want
Those Girls

The anxiousness is setting in
The palms they were sweatin'in
My thoughts come and guessin 'em
They're circulin' around my head
just like a more they just got a bit off
by that hundred watt lightbulb
what its likely truth

Standing in the doorway
waiting in the doorway
waiting for in front of me
waiting for the lezz to go out

Those Girls
Those Girls

Standing in the doorway
waiting for in front of me
waiting for the lezz to go out

Those Girls
That's what you want
Those Girls

Those Girls
That's what you want
